

FEEDING EQUIPMENT 3D ALIGNMENT SUPPORT

SKU: S3-0017

23.400,00 € excl. VAT

Categories: [Feeding equipment](#), [Modules](#), [smart modules](#)

BESCHREIBUNG

The 3D Alignment Support is used for components and substrates for processing in different space coordinates. With swivel, rotation and height axis the given coordinates are precisely approached. Measurements, Dispense-, Micro assembly and Laser soldering processes are possible in combination with the 3D Alignment Support.

The components and substrates are fixed on the support with an individual adapter, which a part time vacuum oder pressure air.

MORE INFORMATIONS

| | |
|--|----------------|
| Dimensions in mm (W x D x H) | 365 x 80 x 112 |
| Weight in kg | 5 |
| Movement range in Z in mm | 50 |
| Movement range rotation axis in degree | 0 ... 360 |
| Movement range swivel axis in degree | ± 90 |
| Max. moving load in kg | 9 |
| Voltage in V | 24 |

| | |
|-------------------------|--------|
| Max. current in A | 3 |
| Communication interface | UNICAN |
