

DISPENSING EQUIPMENT NEEDLE CLEANING UNIT

SKU: S3-0029

3.600,00 € excl. VAT

Categories: [Dispensing systems](#), [Modules](#)

BESCHREIBUNG

Clean dispensing needles are a prerequisite for precision dispensing results. The Needle Cleaning Unit removes redundant material and contaminants from the needle with a bundled compressed air pulse. An unobstructed material flow is ensured by two compressed air nozzles that can be adjusted manually in terms of angular position and distance, thus optimally adapting to the geometry of the dispensing needle.

MORE INFORMATIONS

Dimensions in mm (W x D x H)	74 x 93 x 118
Weight in kg	1
Voltage in V	24
Max. current in A	0.5
Communication interface	UNICAN
