Image	SKU	Greifer	Price
	S2-0036.03 incl. centric gripper MPZ30		22.700,00 € excl. VAT
	S2-0036.02 incl. precision gripper PG16		22.600,00 € excl. VAT
	S2-0036.01 incl. precision gripper PG12		22.500,00 € excl. VAT

BESCHREIBUNG

The Placer GR is a processing head that aligns and places components based on a mechanical gripper system. It is used when components cannot or must not be picked up using a vacuum tool. For this purpose, the Placer has a gripper that

is opened and closed by means of compressed air. Furthermore, the Placer GR has a rotation axis which allows the gripper to rotate 360°.

The system can be equipped with different pneumatic grippers depending on the component geometry.

MORE INFORMATIONS

Dimensions in mm (W x D x H)

Weight in kg

Movement range in Z in mm

Accuracy z-axis in mm

Auflösung Z-Achse in μm 4

Max. Geschwindigkeit Z-Achse in mm/s 1000

Movement range rotation axis in degree

Auflösung Rotationsachse in arcsec 1,58E-06

Kraft in N 50

Voltage in V 24

Max. current in A

Communication interface

Funktionaler Temperaturbereich in $^{\circ}\text{C}$ 20 ... 35
